MEMORANDUM FOR: The DCI

1. This memorandum is for information only.
2. Brew Pearson, on WML, Channel 7, last night (19 May 1963) said that the McClellan Committee in a secret session last week examined papers from a Swiss bank which show that the Shah of Iran paid \$1,000,000 each to Allan W. Dulles, to Mrs. Loy Henderson, wife of former Ambassador to Iran, Loy Henderson, to former Ambassador George V. Allen, and to the current Ambassador Julius C. Helms.
3. Pearson said he immediately talked to the people named who were available and came to the conclusion that the Swiss bank papers are forgeries, and the charges are without foundation in fact.
